## Important Advice

**Our** Paul Baker Insurance Services Economy **Park Home** Insurance **Policy** is designed to protect **You** against the risk of things happening suddenly which **You** could not have expected such as fire, theft, **Flood** and **Storm**. It is not designed to protect **You** against losses that arise due to the gradual deterioration or poor maintenance of **Your Park Home**.

**We** want to ensure that **You** are fully aware of the extent of **Your** cover and would therefore urge **You** to read this **Policy** in full, along with the **Policy** Schedule. **We** have also taken this opportunity to bring some helpful information to **Your** attention.

This section does not form part of **Your Policy** and contains only examples of what is contained in **Your** wording.

### Collision

If someone crashes into **Your** fence or **Your Park Home**, make sure **You** record their name, address, vehicle registration and contact details. **We** will need this information to help **Us** try to recover any payments made under **Your Policy** from the person responsible.

### Escape of water

**Your** cover for escape of water is designed to cover damage to **Your** property caused by water leaks. One of the biggest risks of water damage occurs when **You** are away during the winter when pipes can freeze and burst, causing large amounts of damage.

It is important that **You** take steps to avoid this by keeping **Your** central heating on low so that **Your** pipes do not freeze over. If **You** want to turn **Your** heating off, then **You** should drain **Your** central heating system and switch off the water at the mains.

In addition, many claims occur due to water leaks caused when the seals around **Your** bath or shower have worn away.

Pipes often burst because they have worn out. If this happens, **We** will be able to pay for the damage the water causes but not to repair the pipe itself.

## Fires

A large percentage of fires start in the kitchen and are caused by faulty electrical appliances or unattended cooking pans and equipment – particularly chip pans. In addition candles, cigarettes, electric blankets and overloaded plug sockets cause a significant fire risk.

Please ensure **You** bear these risks in mind and take adequate precautions to protect everyone in **Your Park Home**.

Smoke alarms save many lives and significant damage every year. Please ensure that **You** have them fitted and check them regularly.

## Flood

If water has or is expected to enter(ed) **Your** property, **You** should secure **Your Park Home** and move **Your Valuables** and essentials to an elevated place. **You** should also turn off all the utilities like power, water and gas supplies at their main source and disconnect all electrical appliances if possible.

## Storms

Properties are designed to withstand damage by all but the most extreme weather conditions. Normal weather conditions should not cause damage to a well maintained property and damage to a poorly maintained **Park Home** is not covered by this **Policy**. It is therefore important that **You** keep **Your** property in a good state of repair. Areas that **You** should focus on include blocked or broken gutters or down-pipes and loose or damaged roof tiles.

Some areas like flat roofs are difficult to inspect. So if **You** cannot check them **Yourself**, **You** should employ a relevant expert to do this for **You**.

## Subsidence

Damage caused by **Subsidence** is the result of ground movement affecting **Your** property.

The most common signs of this are visible cracks to the base or within any brick skirting. New properties and/or newly made-up ground will often move for reasons other than **Subsidence** and this natural **Settlement** is not covered.

**Subsidence** and other types of ground movement can be difficult and complex to repair. It is important that **You** tell **Us** as soon as possible if **You** think **Your Park Home** may be affected.

Please remember the base is owned by and is the responsibility of the site owner who **You** should contact in the first instance if **You** have concerns about it.

On occasions movement to **Your Park Home** may be caused by inadequate or deteriorated jacking so it is important to check **Your Park Home** chassis and jacks periodically.

## Thefts

Fortunately incidents of thefts on residential parks are not common. Thefts that do occur are often committed by so called 'opportunist' criminals. **Your** property is significantly more likely to be burgled if accessible entrances are not locked and secured.

**Outbuildings** and garages are attractive to criminals as they are easier to break in to and often contain valuable items such as tools. Locking these is another important step to minimising the risk of a theft.

If **You** are leaving the **Park Home** vacant, do what **You** can to make it appear occupied. Ask a neighbour to pick up the mail, cancel milk and any other regular deliveries, and use timers on lights if **You** have them.

**You** should also take particular care of high value items such as laptops, cameras, mobile phones and iPods if **You** have Personal Possessions cover. **We** will not cover the theft of such items if they have been left unattended outside of **Your Park Home**.

## Making sure your cover stays in place

**We** asked **You** a number of questions when **You** purchased **Your Policy** and it is important **You** tell **Us** if any of these things change.

These parts of **Your Policy** are called conditions. In other words, **Your** cover remaining intact may be conditional on **You** giving **Us** the right information at the start of **Your Policy** and then letting **Us** know if **Your** circumstances change.

Examples of changes **We** need to know about are:

- If **Your Park Home** is not going to be lived in for more than 30 days.
- If the ownership of **Your Park Home** changes.
- If **Your Park Home** is no longer occupied solely by **You** or **Your Family** and **Friends**.
- If **You** or **Your Family** have been declared bankrupt or been subject to bankruptcy proceedings.
- If **You** or **Your Family** have received a police caution for or been convicted of or charged with any offence other than driving offences.

## Checking for changes to your cover

If **You** have varied the basic terms of **Your Policy** with **Us**, this will be stated on **Your** Schedule.

In addition, **We** may apply **Endorsements** that can include things like a requirement to have a burglar alarm fitted, a certain type of lock on **Your** doors, a larger **Policy Excess** on a specific section, or an increased limit for one of **Your** valuable items.

**You** should ensure that **You** have sufficient cover and if in doubt, **You** should contact Paul Baker Insurance Services for assistance.
